NAME, ADDRESS AND PHONE NUMBER OF PROPERTY OWNER:

PURPOSE AND DESCRIPTION OF WORK

ESTIMATED TIME OF WORK: COMMENCE:

COMPLETE:

An acknowledgement that the applicant agrees to replace, at his own cost and expense, the street, curb, gutter, bike path, sidewalk, catch basins, manholes, and all other disturbed areas, as to restore said areas to such state and condition as complies with the Borough standards, within 90 days of the street opening; provided, however, that within 24 hours of such opening of the area shall be temporarily restored by the placement of stabilized base course, maintained as determined in the reasonable judgement of the appropriate Borough official (Borough Engineer (MAJOR)- DPW Supt. (MINOR)) until the final surface has been laid. The final surface shall not be installed between November 15 and April 15 unless otherwise permitted by authorization of the Mayor and Council.

A certification by the applicant that shows the followed mark-out procedure for determining the locations of utilities and obstructions within the area of the proposed work and submission of a mark-out reference number is provided.

No permit shall be issued until the applicant has filed with the Borough Clerk a cash bond in an equal amount of 120% of the estimated cost of closing the road in a manner as is herein provided and completing any work incidental thereto as estimated by the appropriate Borough Official. The Borough Council may, in its discretion upon appropriate application by a public utility, require the posting of a surety bond or waive the bond requirement of this section upon the presentation of satisfactory proof that the utility is capable of meeting any claim against it arising out of the work anticipated to be performed. Such bond shall be executed by the applicant as principal and by a surety company in good standing and licensed to do business in the State of New Jersey as surety.

I have read the above conditions which are understood and will complied with
